

Log::LOG

```
graph LR; A[Log::LOG] --> B[Params::getcurrtime]
```

A diagram showing a call from Log::LOG to Params::getcurrtime. On the left, a gray rectangular box contains the text 'Log::LOG'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'Params::getcurrtime'. Both boxes have a black border.

Params::getcurrtime
