

EmulNet::ENinit

```
graph LR; A[Application::Application] --> B[EmulNet::ENinit];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'EmulNet::ENinit'. The box on the right is white and contains the text 'Application::Application'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a call or relationship from the application to the network initialization function.

Application::Application
